FOR IMMEDIATE RELEASE
Public Notification: Boil Water Advisory Lifted for the Lithia Springs Area

LITHIA SPRINGS, DOUGLAS COUNTY, GA., November 24, 2026 - 3:30 p.m. (UPDATE) – The Douglasville-Douglas County Water and Sewer Authority has officially lifted the Boil Water Advisory affecting the Lithia Springs area, specifically affecting northeastern and eastern Douglas County, including the vicinity of Thornton Road and Veterans Memorial Highway.

All bacteriological test results from samples collected throughout the affected area yesterday have returned negative, thus confirming the water is safe to drink and meets all state and federal regulations.

With the advisory now lifted, we recommend the following to ensure optimal water quality in your home or business:

- Flush your plumbing- Run all cold water taps for at least 5 minutes.
- Flush appliances- Ice makers, dishwashers, water dispensers: Follow manufacturer instructions or run a few cycles.
- Replace water filters- Replace any in pitchers, refrigerators, or under-sink systems.
- Throw out old ice– Discard ice made during the advisory and make a new batch.

We appreciate your patience, understanding, and cooperation as we worked to resolve this issue and ensure the continued safety of your water supply.

For additional questions regarding this Boil Water Advisory, please contact Customer Service at (770)920-3823.
